

# Toopy and Binoo

## Toopy and Binoo's Glass Orchestra

© 2005 Spectra Animation Inc. All Rights Reserved.

You need : 6 glasses made of glass, a water pitcher and a stick

*Set up the orchestra...*

Ask a grown-up to give you a hand.  
In the first glass, put a tiny bit of water.

In the second glass, put a little more water,  
then fill each other glass  
with a little more water.

When you've finished,  
your orchestra should look like this:

Hit each glass with the stick...  
and listen!  
Each one makes a different sound  
(based on the level of water inside).

*... And now, hit the stick and play music!*
